

Default Copy Settings

To set 3-hole punch to be the default setting for all copy jobs we need to first enable permissions and then we can set the default.

Enable permissions to change default

- 1. Select [Utility]
- 2. Select [Administrator Settings]
- 3. Enter the password (default is: 12345678) and touch [OK]
- 4. Select [System Settings]
- 5. Select [Change Permissions for Default Value Setting]
- 6. Set [Change Permissions for Default Value] to ON
- 7. Touch [OK]

Set default copy settings

- 1. Tap [Copy] on the home screen
- 2. Change the target option settings to the values you want registered as default (ie: 3-hole punch)
- 3. Tap the [Menu] icon in the upper left of the scree to display the menu
- ··· 4 %
- 4. Select [Set the current setting value to Default value]
- 5. The settings specified in step 2 is are now set as the default

Setting default for printing (Windows 10)

- 1. Click Start
